Nationals Get Even for Two Previous Defeats.

GANLEY MAKES GREAT CATCH

Robs Niles of a Triple in First Inning by One-hand Stab After a Long Run-Delehanty and Shipke Also Star in the Field-Smith Pitches Good Game of Ball,

Fickle old Dame Fortune, who refused to allow the Nationals to win from the Browns on the two previous days, took utes. an afternon off yesterday and our nin walloped St. Louis by the score of 8 to 1.

It was one of the worst spankings that McAleer's men have received this season and the beauty of it all was that the Nationals fully deserved to win, for they outplayed the visitors at every angle of the game. Outfielded, outhit, and outgeneraled, the Mound City band never had a chance after the first four innings. That they escaped without being shut ou was due to the fact that they bunche three hits in the eighth inning, afte Charley Smith had eased up somewhat, a the Nationals had a commanding lead that juncture and there was no need for the silent twirler exerting himself.

The grand stand was well filled, both pavilions were packed, and before time was called it was neces sary to stretch ropes half the way around to center field to catch the overflow. park when the game commenced, and a ground rule was made necessary.

The contest developed along the lines that the fans wanted. There was plent of hitting by the home team, sever daring base steals, and two fielding play in particular, which fairly set the crow wild. The most spectacular stunt can at the very start. Niles caught the first ball pitched fairly on the end of his ba and, with a resounding smack, it starte on a line for the crowd. Bob Ganley wa off like a flash, and, after a long sprin finally got in the line of the ball, and just as it was about to go over his hea leaped into the air and speared it wit

Jim Delehanty made a great over-the-shoulder catch, and, turning, without regaining his balance, whipped it to Altizer in time to complete a double play.

city in the West where Washington played came complimentary notices of ing it three out of four for the series. As the clever fielding of the little third base- in the other games, the victory was any man, but yesterday was the first oppor-tunity that local fandom had to see Shipke make any really difficult plays. made a strike-out record at the expense Boston, RHOAE De of Washington, failed to buffalo the Nationals yesterday. Two hits in the first in the seventh, and three in the eight was the extent of the rude manner i which the Cantillonites handled Mr Glade's delivery.

Lose Chances to Score,

It appeared as though the National were going to score in the first inning Clymer made a dean single to center an too late and was thrown out by a yard. Clymer reached third and died as the next two went out on short flies.

It was in the fifth that the Nationals won the game. Smith walked and was sacrificed to second by Clymer. Ganley smashed a liner into the crowd which went for a double and scored Smith and the captain followed the pitcher in when Delehanty doubled to left. Anderson was not to be outdone, so he poked a single to left and stole second. Delehanty tried to come home on a squeeze play, but Jones failed to hit the ball and Jim was out, Anderson got to third when Hartzell booted Jones' grounder and Big John tallied when Spencer threw to second. Altizer sent Jones home by a triple to the center

In the seventh Washington increased the total to six. Ganley singled and Spencer fell down on Delehanty's short hit. Anderson's safety counted Ganley. Delehanty was thrown out at the plate but Anderson moved along on Jones' sacrifice and slid home when Glade and Spencer tried the quick return. Glade could not get the ball back fast enough to nab our trusty first baseman. Hits 11 to 5.

Highlanders' Pitching Staff Is Weak, and Griffith Will Probably Ask for Crack Southpaw in Case Cantillon Asks for Tabasco Kid-Has Been Doing Poor Work for Yankees.

Although Joe Cantillon said yesterday that he has no intention of dickering for the player while he is under suspension there is a persistent report in New York that Kid Elberfeld is to come here to play shortstop for the Nationals.

According to the rumors that are going the rounds in Gotham, a deal is now pending for the transfer of the crack member of the Washington team. That Yorks in the eleventh inning. Whether Cantillon will agree to give up Patten remains to be seen.

Doing Poor Work. Whatever may be the cause of Elberfeld's actions, and it is reasonable to suppose he feels he has a grievance. For weeks he has been playing far below his regular form, and New York fans, as well as those in other cities on the circuit, de clared that Elberfeld was not trying. He not only failed to play his position in a Pittsburg, 6; Philadelphia, 3. manner that every one knows he is capable of, but the whole Yankee team was affected by his poor work at a time when the club needed every game in order to

win a place among the contending nines of the American League. During the last two weeks Elberfeld has made eleven errors in fourteen games, while his work with the bat has been way below par, for he has made but eleven hits in the same time. Of the entire num ber of errors made by the team in that time Elberfeld was responsible for nearly a third, and but for the work of Williams and Chase the Kid's record would have been even worse. If he had been in the midst of a slump due to poor condition or some other good cause, much could hav been forgiven him, for when the Kid plays his best it is better than nineteen out of twenty shortstops.
